Frosty the Snowman officially welcomes winter to St. Albert.

2nd. UNIVERSITY IN ST. ALBERT ?

Council Meeting, Monday, November 23
Club Room Facilities Architects Hemingway and Laubenthal will make a survey of Grosvenor Park, along Grandville Ave. in Grandin Park, where the Town will

build a club house with part of the \$22,000. Recreation Grant. This club house will be planned to fit into the overall construction of a swimming pool on the same location.

Recreational Directors Duties Terms of references for a Recreational Director were presented to Council by the Parks Superintendent. Council felt that the Recreation Department and the Parks Department should become one and that the Parks and Recreational Superintendent's

duties should be studied by Council.

Position of Secretary Treasurer Mr. Billings informed Council that there are now two applications for the position of Secretary Treasurer for the Town. Councillor Fowler moved that there be a committee meeting with Council as a whole regarding this position. Council left the Chambers for about 15 minutes to hold their committee meeting in the Mayor's office.

Mr. Fraser, of Lamond, Dewhurst & Assoc. Industrial Consultants, explained to Council how they select candidates, and the approximate cost of this service.

Town Employees' Christmas Party The Town employees' annual Christmas party will be paid partly by the councillors, each of whom will donate one night's salary.

County Hospital Mayor Veness reported that the County Hospital Committee (consisting of all towns in Sturgeon County and St. Albert) has become rather inactive. He suggested that this committee should have a meeting with all the representatives of the other towns and villages in Sturgeon County.

Recreation Board Mr. Alan Michie, 27 Gordon Cres., was appointed to the St. Albert Recreation Board. Mr. Michie is active in the Recreation Department of Edmonton.

Dear Sir,

Our Council is now looking into the merits of a change in status of our Town to that of a City. Any net gain in advantage to the citizens in such a change is not too obvious to the writer. It would appear that a city carries more people on its payroll and has a larger

Council but that the problems remain the same. There may be a little more borrowing power but the control over expenditures is not improved.

The impersonal factor in government today would be even greater by a change to city status and we could expect even more apathy among our citizens than we have today. Many of our people are already confused about which of our many local bodies of the government have jurisdiction or are responsible with respect to a particular problem.

In 1950 the Alberta Government took an imaginative step to find a way out of the maze of confusion in local government by passing the County Act which provides for the creation of an all-purpose authority to provide local services in all or any part of any existing municipality, hospital district or school division. This Act provides for a plebiscite four years after the adoption of the County system in any area so that the citizens concerned may elect to keep the system or revert to their former type of local government. Plebiscites held so far have been favourable to the County system.

The integration of the tax-collecting service and control responsibilities of municipal, school and hospital elements of a local area does not guarantee to lower costs or solve all problems, but at the very least such an integration

makes the structure and responsibility of local government more easily understood by the ratepayers and enables its citizens to place responsibility for tax rates and local policy on the proper officials. By making it easier for every citizen to understand the powers and limitations of local government integration does much to promote rational interest in the policies and actions taken by the government.

It is appreciated that the County System of government does away with the independence of existing school boards. Apparently, however, the practical and commonsense appeal of having a single responsible authority to look after all aspects of municipal, school and hospital services has convinced the residents of many areas in Alberta to go "Country". The fears of many school authorities in the early days of the County Act that councils would skimp on school needs have proven to be unfounded. School Committees submit their annual estimates of their needs along with all other committees of the County and the Council examines these and then frames its budget for the whole County. The whole picture is looked at by one government body and every aspect of local services is examined in relation to all others.

continued on page 4

Should our Council examine the County Act? It is suggested that they consider doing so, along with the City Act, in order to bring forward a comprehensive and factual recommendation to the people. We are all expecting Council to produce a firm policy on this basic subject acceptable to a majority of citizens.

Yours truly,
W. A. Penrose.

OUR TOWN BAND !

ST. ALBERT TOWN BAND OFF THE GROUND
On Sunday afternoon, November 22, the Community Hall resounded with music when "our town band" was blasted off into orbit by 5 trumpets, 5 clarinets, 2 trombones, 2 saxophones, a French horn, flute and drums, etc. Twenty-two musicians altogether played under the guidance of Jerry Wennes. Mr. George Nailor, Director of Music for the P.P.C.L.I. Band, who has agreed to take the leadership could not be present because of a previous commitment.

We were very pleased to note the presence of quite a number of professionals, their fine musicianship inspired the amateurs and carried the music.

Since a name for the band is still lacking, the readers are invited to a name-giving contest. Send your entries in an envelope marked "Name Contest - Town Band", Box 569, St. Albert Gazette. A prize of \$5.00 will be awarded to the selected entry.

The next practice will again be at the Community Hall next Sunday, November 29 at 1:30 p.m. Woodwind, brass or percussion instruments are needed and any person having one is very welcome.

A meeting will soon be held to arrange for a committee and a suitable practice day and hour.

For more information please phone, A Vandenberg 599-6576; J. Wennes 599-6142; G. Schmitt 599-7155.

the Edmonton area for the past 4 years. Simone, a student of the accordion, has achieved excellence in the field of sport winning many trophies and awards. Mrs. LaFranchise, though not musical herself, supervised the family's practicing, catching any wrong notes and seeing that clocks weren't set ahead to cut down on the actual practice time. If you haven't heard this talented family, don't miss this opportunity. Thursday - 6:30 to 10 p.m. - St. Albert Hardware.

QUEEN OF FAIR

MRS HENRY LAMOUREUX QUEEN OF FAMILY FAIR On Sunday, November 22, a very successful Bazaar, this year re-named the "Family Fair", was held in the Roman Catholic Parish Hall.

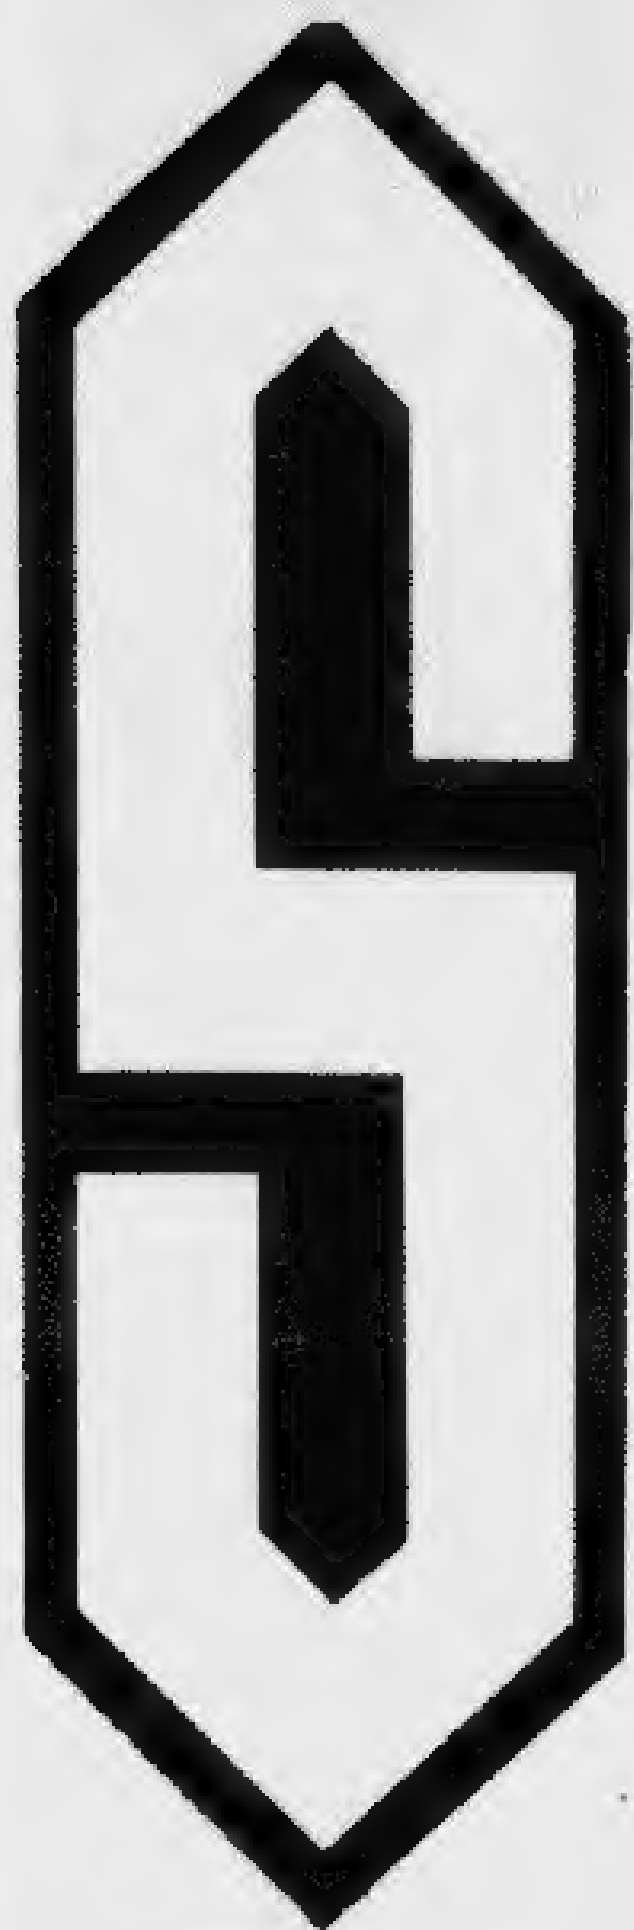

The various booths including aprons, home baking, Christmas decorations, handicrafts, religious articles and candy were arranged in a colorful carousel.

A children's "Penny Arcade" was held in the K.C. room. A clown passed out balloons to the children throughout the day. Tea was served in a "Parisian Sidewalk Café" complete with appropriately dressed French maids as hostesses.

Bingo was played in the evening. The day was culminated by the crowning of the Queen by last year's queen, Miss Madonne Roberge. Mrs. Lamoureux, who was the C.W.L. Queen Candidate, was presented with a gift and a bouquet of red roses. Runners up in the contest were Miss Lucille Houle, Miss Mavis Chevigny, and Miss Mary-Ann Nicola.

Many thanks are given to all who worked so hard to make the Fair a success and also to all those who came to enjoy the Fair.

(Editors Note: The picture we took did not do the Fair justice as they were nearly sold out when we visited at 6 p.m. therefore we did not print it)
